Wall mounted TV support brackets and lift systems

High-quality and sophisticated room concepts for yachts, hotels, living rooms and bedrooms can be individually implemented using Häfele TV fittings.

Flat screen monitors that are installed out of sight in a sideboard are moved upwards and rotated manually or using a remote control. Flat screen monitors that are mounted on the wall can be swivelled or tilted in the required direction.

## Electric lift system

Load bearing capacity 65 kg

| > Suitable for: | Flat screen monitors |
| :--- | :--- |
| > VESA standard: | Universal |
| > Lift: | 635 or 965 mm |
| > Distance: | Between rear panel and TV: 117 mm |
| > Mains supply: | 220-240 V/50-60 Hz |
| > Version: | Socket with automatic shutdown for TV, <br> flap deflector, removable |
| > Material: | Sheet steel |
| > Finish: | Powder coated |
| > Colour: | Graphite black, RAL 9011 |
| $>$ | TV switches on/off automatically when the lift is raised/lowered |

Installation
Recommended safety clearance between cabinet and TV > 25 mm

## Vitaflex

|  | Max. TV height <br> Without flap <br> deflector |  | With flap <br> deflector |
| :--- | :--- | :--- | :--- |

## Order reference

Radio remote control 421.68.281 available as accessory. Operating unit 421.68.289 for programming the lift height restriction available as accessory.

| Flap deflector | FF 7.107 |
| :--- | :--- |
| Radio remote control | FF 7.107 |
| Operating unit for programming | FF 7.107 |
| Shut-off strip | FF 7.119 |

Electric lift system
Load bearing capacity 65 kg

## Note

Guide profiles can only be shortened if the lift is also reduced accordingly.

## Supplied with

1 electric lift system
1 manual switch
1 radio remote control 433 mHz
1 drag chain for cable guidance
2 guide profiles

| Lift <br> mm | Cat. No. |
| :--- | :--- |
| 790 | 421.68 .218 |

Packing: 1 piece
Order reference
Operating unit 421.68.289 for programming the lift height restriction available as accessory.

| Operating unit for programming | FF 7.107 |
| :--- | :--- |
| Shut-off strip | FF 7.119 |

## Flap deflector with height adjustment

Area of application: For use in combination with TV lift system for increased screen height

## Installation

1. Remove flap deflector mounted on lift.
2. Mount height adjustable flap deflector.
3. Loosen screw and adjust required height.

| Suitable for use with | max. screen height <br> $\mathbf{m m}$ |
| :--- | :--- |
| 421.68 .205 | 600 |
| 421.68 .206 | 920 |
| 421.68 .215 | 600 |
| 421.68 .216 | 890 |

## Operating unit for programming

For programming the lift height restriction of electric lift systems

| Dim. $(L \times W \times H)$ <br> $\mathbf{m m}$ | Cat. No. |
| :--- | :--- |
| $100 \times 37 \times 20$ | 421.68 .289 |
| Packing: 1 piece |  |

Electric lift system
Load bearing capacity 80 kg

| > Area of application: | For flat screen monitors, up to max. size of $900 \times 700 \mathrm{~mm}(\mathrm{~W} \times \mathrm{H})$ (lift 700 mm ) and $1,000 \times 820 \mathrm{~mm}(\mathrm{~W} \times \mathrm{H})$ (lift 820 mm ) |
| :---: | :---: |
| > Version: | Continuously adjustable lift, with 2 sockets (each 350 W ) for built-in devices, one of which with automatic shutdown, potential free control, quick cut-out switch (permanent pressure) |
| > Material: | Sheet steel |
| > Finish: | Powder coated |
| > Colour: | Jet black, RAL 9005 |
| > Mains supply: | $230 \mathrm{~V} / 50 \mathrm{~Hz}$ |
| > VESA standard: | Universal |

Installation
The lift must be fixed to the rear panel and with the bottom connecting plates to the cabinet for stability reasons.
A plate must be fitted to the lower pair of arms on which the flat screen monitor securely rests.

## Supplied with

1 lift system
1 electronic unit
1 rocker switch
1 set of installation instructions

| Travel mm | Dim. $(\mathbf{W} \times$ H) mm | Cat. No. |
| :--- | :--- | :--- |
| 700 | $900 \times 860$ | 421.68 .353 |
